

COMMUNITY OUTREACH PROGRAMME GRADE V

As part of the Community Outreach Interest Group, a visit to Community Kitchen was arranged for the students on Friday, 12 October, 2018. Students assisted workers in serving food to underprivileged children. It was a wonderful learning opportunity for our students as they engaged in an act of kindness. Students shared their experience of serving food to others. The students felt extremely happy on receiving so many blessings. They were thankful for the privileges they have in their life
