

VISIT TO HUMAYUN TOMB

Students of Grade V went on a memorable field trip to the great Mughal Emperor Humayun's Tomb in New Delhi on 20th April. They observed the perfect symmetry, beautiful tessellations and geometric Islamic patterns as well as traces of Hindu culture and art. The students walking through the beautiful Charbagh gardens admired the red sandstone monument from afar and took a peek at some tombs of noblemen and women. It was a pleasure to be able to admire this breath taking monument.
